GARDNER GETS 5,000 MAJORITY

ENTIRE STATE DEMOCRATIC TICKET IS VICTORIOUS.

GORDON IS ONLY A POSSIBLE LOSER

Auditor May Be Defeated Because of St. Louis Opposition—Wilson Took State by 30,000.

Fred D. Gardner has been elected governor of Missouri by a majority of about 5,000 over Judge Lamm. Since last night his lead has gradualy increased until it is now apparent that it will reach the above figures.

Wilson's majority in Missouri will probably reach 30,000, and Senator Reed has run very strong also.

There is a possibility that John P. Gordon has been defeated for state auditor because of opposition in St. Louis, but the Democratic state committee at 3 o'clock this afternoon claimed that he would win by a small majority. He ran ahead of Gardner in other parts of the state. The remainder of the state tickets is safe.

A report that Judge A. M. Woodson had been defeated by Judge J. M. Johnston seems to be without foundation. Reports from St. Louis state that he has run along with the rest of the ticket and that his election is also assured. Judge Johnston carried St. Louis city and county by a majority of 15,967.

FIRST AMENDMENT CARRIED?

Incomplete Reports Favorable to Amendment to Pension Blind.

Special to The Democrat-Forum.

Kansas City, Nov. 9.—Only the first of the three amendments to the state constitution appears to have been adopted according to incomplete reports. The amendment to pension the blind was believed to have carried by a majority that probably will not be overcome.

The Land Bank Bill probably was as overwhelmingly defeated as was prohibition. In 1,430 of the 3,461 precincts in the state the vote on the land bank proposition was 80,412 for and 126,450 against it. The same precincts gave the pension amendment a majority of 3,074.

CONGRESS STILL IN DOUBT

Democrats Have 208, Republicans 198 in House—25 in Doubt—A Senate Majority.

Special to The Democrat-Forum.

New York, Nov. 9.—Although the Democrats are assured control of the senate by a working majority, control of the house was still in doubt at an early hour today. The Democrats had made slight gains, however, in the late returns in Montana and Kansas. At 1 o'clock 208 Democrats, 198 Republicans, 2 Progressives, 1 Socialist and 1 Independent had been elected, with twenty-five congressional districts yet to be heard from.

Several members of the Normal faculty will attend the meetings of the teachers' associations in various counties of this district. Prof. W. J. Osborn will attend the meeting at Richmond, Prof. Harry Miller at Trenton, and Dean G. H. Colbert at Grant City. They all left this morning.

Profs. Cook, Hawkins, Swinehart, Miller and Dean Colbert and President Richardson will attend the meetings in the following counties within the next week: Ray, Worth, Mercer, Grundy and Platte. Miss Beulah Brunner is in St. Joseph today and tomorrow in the interest of the Normal extension work. Miss Fannie Hope will go to St. Joseph Saturday for extension work in Spanish.

COUNTY COURT IN SESSION

Orders One New Road Built—Another to Be Marked Out, Surveyed and Plotted.

The county court in session today ordered the opening of a new road in White Cloud township, north of the Rockford school house. The road was petitioned for by Charles L. Rice, J. D. Mutz, Alfred Jones and others. It is to be established and opened as surveyed, located and platted by the highway engineer, and is to be forty feet in width. It must be opened for public travel thirty days from date.

The county court also ordered the surveyor to view, mark out and survey a road in Union township in sections 4 and 34, townships 65 and 66, range 35. This road has been petitioned for by J. D. Lysaght, J. L. West and others.

DRY FIGHT WILL GO ON

Anti-Saloon League to Center Efforts Now on Local Option in Kansas City.

Kansas City, Nov. 9.—As a result of the tremendous gains made by the drys in Missouri over the vote of six years ago, plans are being considered by the Missouri anti-Saloon League to work toward local option elections in the cities, excepting St. Louis, and to begin an aggressive campaign for statutory prohibition by the legislature.

"Undoubtedly local option elections will be called immediately in Kansas City, Sedalia, Springfield and Joplin," G. Edwin Bertch, superintendent of the Kansas City district of the league, who managed the campaign of the Third Amendment association, said yesterday afternoon. "We will have a dry senate as well as lower house in the state legislature, and will put two bills through the legislature—one against the sale of intoxicating liquors and the other against the manufacture. It has been recognized by the Anti-Saloon League that the wording of the third amendment cost the drys twenty-five thousand votes, which, taken from one side to the other would have given us a probable majority.

"The decrease in the wet majority of over 150,000 in six years is the greatest decrease of any state vote in the same length of time in the nation.

"Kansas City now is the largest city in the United States that ever voted a dry majority."

SCHOOL PAPER OUT

FIRST EDITION OF MARYVILLE H. S. OPINION.

VARIOUS DEPARTMENTS

News, Essays, Poetry and Athletic Features Contained in 8-Page 4-Column Paper.

The first edition of "The High School Opinion," a paper published by the students of the Maryville high school, is being circulated today. This is the first attempt on the part of the students in the field of journalism, and promises to be a permanent institution in the school, if the student body lends its financial support.

The paper contains eight pages, each of four columns. On the first page is a two-column cut of the Maryville high school team, and four news stories on election, the Hallowe'en reception, the football game and the high school honor roll.

Editorials are written by the members of the editorial staff and are also contributed.

The best essays presented in the English classes for September and October are also printed. The high school calendar and "Senior Silhouettes" are also interesting and humorous features of the edition. The athletic department is devoted to a review of the football season. A department of "Uncommon Sense" furnishes laughs for the interested reader. The alumni notes contain news of the "grads," and there is also a section devoted to news of former teachers.

One interesting article which tells about the first football team at Maryville high school follows::

Football has again been started in the High School. This game has not been played here since 1909. It will be interesting to know something of one of the first teams ever representing the High School. The team of 1895 had a fine record, losing but one game during the entire season.

A. K. Frank, who was a member of this team, has given the names of the men who were on the team and their present occupations. They are given below:

Bert Clark—Hotel in Chillicothe.

Clarence Cox—Dentist in Fairfax.

Will Cross—Wyeth Hardware Co., St. Joseph, Mo.

A. K. Frank—Farmers Trust Co., Maryville, Mo. (Mr. Frank is the only member of the team still in Maryville).

Bert Hotchkins—Postoffice in Marion, Iowa.

Adolph Koch—Farming in South Dakota.

Will Lippman—Field-Lippman Co., of St. Louis.

Byron Miller—Farming near Fairfax.

Allen Reese—Railroad agent in Oklahoma and Idaho.

Frank Shoemaker—Buying cattle in Oklahoma City.

Harry Davis and Paul Morrison were also on the team but it is not known where they now are. Ed Lippman was the coach. He is now sales manager for the James Clark Leather Company of St. Louis.

25 STATES NOW DRY

Michigan, Nebraska, South Dakota, Montana, Utah and Florida in Prohibition Column.

Special to The Democrat-Forum.

Chicago, Nov 9.—More than half of the forty-eight states of the Union have been put into the "dry" column. Those added to the list by the election Tuesday, making the total of "dry" states twenty-five are: Michigan, Nebraska, South Dakota, Montana, Utah and Florida. The territory of Alaska has also been added to the "dry" possessions of the United States.

Missouri and California appear to have gone "wet" by a good vote.

47 Absentee Ballots.

County Clerk Yeomans sent out 47 absentee ballots this morning to other counties in the state. These ballots were cast in Nodaway county by persons who could not be at their home precinct for election.

Clifford Brown returned this morning to his home in Hopkins after a few days visit to his parents in Burlington Junction.

Mrs. Beal Visiting.

ARE SCANNING EVERY VOTE

Possibility of Another Hayes—Tilden Controversy is Seen—Both Sides Confident.

Special to The Democrat-Forum.

New York, Nov. 9.—With every vote being watched with anxiety by workers on both sides, the possibility of another Hayes-Tilden controversy as a result of the close race between Wilson and Hughes is regarded with some apprehension by leaders of both parties. The official count in some states may not be sufficient to convince one side or the other that their candidate has lost. In that event, it is very probable that a recount will be demanded. In fact, such a step already has been decided on by the Democrats of New Hampshire on the advice of Democratic national headquarters here, it is said.

It was pointed out that if the house of representatives became the court of last resort in the election, the present house and not the one elected yesterday would sit in judgment. No formal statements on the subject of a recount were made by either side, however.

Chairman McCormick issued the following statement:

"President Wilson is re-elected and Mr. Willcox shows he is aware of that fact. His wail in reply to the charge of some imaginary person that someone expects Mr. Hughes or his managers will try to secure the election through fraud is worthy of the best traditions of the Republican party.

"The public has had a chance to judge the conduct of the campaigns of the two candidates and I am perfectly willing to let the people decide which side will be likely to resort to desperate methods."

TARKIO TOMORROW

COLLEGE TEAM AND NORMALS TO PLAY HERE.

LOCALS IN GOOD TRIM

Several Shifts Made in the Team and a Good Fast Game is Promised.

Tomorrow is the big football game of the season for the Maryville fans, when the Tarkio college eleven will meet the Normals on the home ground at 3 p. m. A number of shakeups have been made since the Jewell game last week, and the Normal team will not by any means be the same team that played at Liberty.

While they have no excuse to make regarding the game last week, yet they know from reliable sources that the Normal team did not play a representative game at Liberty. But tomorrow will find the Normal team at its best. Pickens has been shifted back to quarter, and Chido Scott from end to half. These two changes will greatly strengthen the team in those places. Then Wagers, who was in the last quarter of the William Jewell game, and who showed up exceptionally well, will no doubt play part of the game at the other half.

This morning at assembly Phil Colbert, assistant yell leader, passed out a printed list of the Normal yells, and after some rousing yelling during the different steps of a football game, and when the Normals made a touchdown, he grabbed a horn and two rattles and operated the whole lot at once. He then asked that every student purchase some kind of a device of that nature for a new kind of a Normal band. There will be about 350 in this band, with all the instruments represented and then those who cannot play an instrument will be known as operatic stars. If it takes yelling and a student body to win the Tarkio game then it's ours.

The probable lineup tomorrow will be: Brown, c.; Sawyers and Nicholls, guards; Byerrum and Hahn, tackles; Farmer and Gannon, ends; Pickens, q.; Scott, Hubbard and Wagers, half; Girard, full.

We must beat Tarkio; we will beat Tarkio. We would rather win this game than any other of the schedule. It was hoped that Thanksgiving games might be arranged with Tarkio, but Tarkio desired all such games at home, so until the Kirksville-Maryville 2-year contract is up we cannot have the desired arrangement.

HEARING RETURNS

LARGE CROWD AWAITS NEWS AT DEMOCRAT-FORUM.

HUNDREDS OF CALLS

Telephones Ring Insistently Each Day as Anxious Persons Seek News of Election Results.

Speaking of noise and excitement, there were plenty of both at The Democrat-Forum office yesterday and today, where a large crowd spent the time awaiting the election returns.

Early yesterday morning the telephones began to ring. Three persons, two at the Hanamo phones and one at the Farmers phone were kept busy every minute during the day answering hundreds of calls. The questions were something like this:

"Who was elected president?"

"How did Gardner run?"

"What was Reed's majority?"

"How did the county go?"

"Did Missouri go dry?"

"Who carried Indiana?"

And so on in endless variety, all of which The Democrat-Forum was glad to answer.

Then for the crowd. They stood six deep in the office all day, some leaving for a few moments to attend to absolutely necessary business, while others crowded in to take their places.

When telegrams arrived with the news that some state had gone Democratic or Republican, the crowd pushed a little closer to hear the returns read, and then fell into a discussion of the possibilities of victory for their favorite candidates.

Yesterday evening the crowd still lingered until late, hoping for a final word that would send them to bed calm in mind one way or the other, but nothing of a sure nature was received.

This morning, after the all night's suspense, the telephones rang madly, and the one question was, "Who was elected president?" Although the questions lacked variety, there was just as much insistence, and when the doubtful replies were given, exclamations of "Good night!" "Is that so?" and "For goodness sake" from the feminine recipients and stronger but not less polite ejaculations from the men were the order.

The crowds on the whole were good natured and if the individuals had 5 cents or $500 bet on the results they did not show it.

OTIS APPOINTED ASSISTANT.

Prosecuting Attorney-Elect of St. Joseph Names Former Nodaway Boy.

Lawrence Bothwell, prosecuting attorney-elect of St. Joseph, has announced the appointment of Merrill E. Otis as his chief assistant. Otis is now chief assistant in the office of City Counselor C. L. WILSON'S ELECTION INDICATED BY LATEST OFFICIAL RETURNS

WITH CALIFORNIA IN WILSON COLUMN, ALL DOUBT REGARDING PRESIDENTIAL ISSUE APPEARS TO BE ENTIRELY REMOVED

Bulletin.

At 3:30 o'clock this afternoon the International News Service announced in a special message to The Democrat-Forum that there is no longer any doubt of Wilson's election to the presidency. He has 273 electoral votes against 243 for Hughes. California has gone for Wilson. The big Republican papers concede this.

Minnesota remains very close with Hughes slightly in the lead, as does New Mexico.

At 2 o'clock this afternoon the presidential situation had apparently simmered down to the results in California and Minnesota. From definite returns up to that hour but three states seem to be in doubt. These are California, Minnesota and New Mexico. Wilson has 260 sure electors and Hughes 243, with 28 yet in doubt. This means that Wilson can win with either Minnesota or California, while Hughes must have both these states. It is possible that California may divide its vote.

Of the states remaining doubtful last night, West Virginia, Oregon and Delaware seem to have dropped into the Hughes column, while Idaho, North Dakota, Washington and New Hampshire have lined up with Wilson. Hughes carried Delaware by 806, but the Democrats captured a United States senator and their only congressman. New Hampshire, which has been flirting with both parties, has definitely taken its place in the Wilson column by a majority of 93, the smallest majority ever given to a presidential candidate.

While the eastern states have generally gone for Hughes the majorities have been small. Iowa seems to be the only state to have gone certainly for Hughes west of the Mississippi river.

Some queer upheavals are apparent in the political world. The carrying of Utah, Wyoming and New Hampshire for Wilson is about as surprising to the Democrats as it has been to the Republicans. Utah and Wyoming have been regarded as among the irredeemably Republican strongholds, but Wilson carried every county in Wyoming and the Democrats elected a United States senator and both congressmen in Utah. An anti-Mormon candidate for governor was also elected. In

PREVENT BLINDNESS

DR. RAVENEL OF M. U. URGES CARE OF EYES.

DANGEROUS FOR CHILDREN

Nurses and Mothers Warned Against Neglect in Washing Eyes of Babies After Birth

Sight is regarded as the most precious possession. Loss of vision is not only one of the saddest things which can occur to a human being, but invariably makes the person more or less a charge on the community. Occupations at which a blind person can make a living are limited, and at best are not remunerative.

There are in the United States 57,272 blind people—32,443 males and 24,829 females. Of blind men in the United States approximately one-fourth are engaged in remunerative occupations, while only five women out of every one hundred are supporting themselves. Occupations in which blind men chiefly engage are farming, broom making, music, peddling, tuning pianos and caning chairs, while women usually choose music, farming, domestic science, laundry work, knitting and fancy work.

In the vast majority of cases blindness is preventable, and this is especially true of those cases occurring in early life. One of the chief causes of blindness is known as ophthalmia of the newborn. This usually comes on within a few hours after birth. A large percentage of it is due to the so-called social diseases. Such a menace has this disease become that many states require by law specific treatment of the eyes immediately after birth. This consists in a careful cleaning of the eye and the putting in of one or two drops of a solution of nitrate of silver, or common lunar caustic. If this treatment is followed the disease will be reduced to a minimum, and in fact almost completely prevented. The rapidity with which this inflammation of the eye produces blindness in young children is often appalling. It is a question of hours, if not of days.

It is important that mothers and nurses should realize this danger. On the first appearance of inflammation of the eye a competent physician should be summoned and the treatment put in his hands. No time should be lost. Don't wait until tomorrow to call the doctor. Do it at once.

Mrs. Matt O'Brien returned yesterday from Conception where she has been visiting her daughter, Mrs. Albert Binter.

JUDGE FINES DOG, TOO

Vagrant Woman Refuses to be Separated From Canine Pet—He Goes to Jail Also.

Kansas City, Mo., Nov. 9.—In order that he might not be separated from his mistress, "Cribby," a small white fox terrier, was fined $100 in the South municipal court by Judge Joseph F. Kiernan.

It was "Cribby" that caused his mistress to spend a night in the police station.

Persons passing a vacant lot saw a small white dog running up and down distractedly and howling. Lying in a bunch of weeds was a woman apparently asleep. The dog refused to allow anyone to go near her.

Later two officers held the dog while another aroused his mistress. Both were taken to the police station.

In court the woman said she had sat down to rest and had fallen asleep. She was fined $100 for vagrancy.

"What about 'Cribby?' she asked.

"I'll fine him, too," said Judge Kiernan.

WILSON'S SELECTION INDICATED

(Continued from page 1.)

of 100,000.

Peter G. Gerry, Democrat, was elected United States senator in Rhode Island over Senator Lippitt, although the Hughes electors were successful. In his little state of Delaware, which has two senators and but one congressman, Senator Du Pont, a powder manufacturer, was defeated by a Democrat. There are five Du Pont brothers in Delaware, each one of which has an annual income of more than a million dollars.

In Missouri both the national and state Democratic tickets have been successful. Senator Reed has been elected by from 15,000 to 20,000, and Gardner for governor will have a majority over Lamm of 4,000 or more. There is a probability that Gordon for state auditor has been defeated, owing to heavy scratching in St. Louis. The congressional delegation from Missouri will stand as it does now, fourteen Democrats and two Republicans.

The Democrats retain a majority of a dozen or more in the United States senate, and it is believed they still have a working majority in the house of representatives, although the majority will be small. This morning all except twenty-five districts have been heard from, and of those heard from the Democrats have 208, Republicans 198, Progressives 2, Independent 1, and 1 Socialist.

Oregon to Hughes.

Portland, Nov. 9.—Returns from every county in Oregon except one gives Hughes a lead of 7,200 votes.

New Hampshire Hesitated.

Concord, N. H., Nov. 9.—Although the secretary of state declared last night that Hughes had carried New Hampshire by 1661 votes, a complete count of the votes today shows that the Democratic electors have a plurality of ninety-three. This has been conceded by the Republican national headquarters, although there is some talk of asking for a recount.

Up to California and Minnesota.

New York, Nov. 9.—At 2 o'clock this afternoon it looks like California may decide who is to be the next president. If the Democratic claims of a lead in that state are maintained, Wilson is elected. On the other hand, if Hughes retains his lead in Minnesota and carries California he will be president.

St. Paul, Minn., Nov. 9.—The Hughes lead in Minnesota had been cut to 307.

San Francisco, Nov. 9.—California seems assured for Wilson. He seems to have an established lead of nearly 4,000. Unofficial returns from 5,355 out of 5,917 precincts in California today gave Wilson a lead of 4,709. At 2 o'clock this afternoon his plurality was 2,641, with only 412 precincts yet to come. It is believed impossible to wipe out this lead in the precincts yet to be heard from.

North Dakota for Wilson.

Bismark, N. D., Nov. 9.—At 9 o'clock this morning 1,817 out of 1,859 precincts in North Dakota gave Wilson 50,819 and Hughes 49,972.

Fargo, Nov. 9.—Wilson maintains a lead of 752 in the returns from 1,687 out of 1,859 precincts in the state.

Fargo, Nov. 9.—At 2 o'clock this afternoon there is no doubt that Wilson has carried North Dakota. He now has a majority of 1,504, with 145 precincts yet to come.

Washington, D. C., Nov. 9.—The department of justice today ordered a division of federal agents under Chief Claubaugh to proceed from Chicago to Minnesota to observe the counting of the ballots in that state. They left hurriedly this morning.

M'DANIEL IS CHEERFUL

Will Be Ready Monday for Trial for the Murder of His Wife.

St. Joseph, Mo., Nov. 9.—Oscar D. McDaniel, prosecuting attorney of Buchanan county, under indictment on the charge of murdering his wife, who was defeated for re-election Tuesday by an overwhelming majority, was apparently cheerful when he resumed the duties of his office. Many friends of the accused prisoner called at the court house to express sympathy for him in his defeat, and many reassured him of their belief in his innocence of the crime. McDaniel was beaten by almost three thousand, the largest majority given against any candidate on the county ticket.

McDaniel remained at home with his two children Tuesday night, it having been clearly shown early in the day he would not be elected. As if pursued by fate, a fire broke out in the basement of his home at 10:30 o'clock Tuesday night. The blaze was extinguished without much damage and was caused by the laundress leaving an electric iron attached.

"I do not care to express myself upon the subject of my defeat," McDaniel said today. "No man ever made a race for office under such a handicap as I and pursued so persistently by his enemies who would stoop to anything."

He sent a letter of congratulation to his successful opponent early today.

McDaniel said he undoubtedly would be ready to go to trial on the charge o fwife murder next Monday, and had no doubt of his prompt acquittal.

"I will continue to live in this community," he said, "and will ultimately convince the people who have been against me of the great wrong they have done me and my motherless children. The vote I received yesterday under such adverse circumstances proves I have many friends in this county. I will proceed with the work of my office until the expiration of my term, January 1, and expect to engage in the practice of my profession right here in St. Joseph."

NON-CRYING BABY IN MO.

St. Louis, the Home of the Child That Doesn't Whimper—No Caressing the Cause.

St. Louis, Nov. 8.—The patented non-crying baby is the product of St. Louis hospital. Non-crying babies are being turned out at the rate of five or six a day.

Part of the new system is elimina- Uncle Ezras and jogglings by doting Aunt Lizzies. Relatives may peek at a new baby, but must keep hands off.

The babies are never fondled. They are fed at regular intervals. After the feeding, the baby is taken from the mother for a time and put in a separate bed.

When the mother leaves the hospital with her baby she takes with her a printed list of nurse's "don'ts." If the baby forms crying habits at home—well, that's the mother's fault.

BEET SUGAR PROVEN GOOD

Equally as Good as Cane Sugar, Says Kansas University Teacher of Home Economics.

Lawrence, Kan., Nov. 9.—The old question of whether beet sugar is as good as cane sugar has been settled, says Miss Elizabeth Sprague, head of the home economic department of the University of Kansas. After thorough experiments she said today:

"I find that the beet sugar is equally as good as the more expensive cane sugar for any purpose. It has been declared beet sugar will not jelly like the cane sugar, but I find that is not true."

Domino Party At Bellows Home.

Yellow and white was the effective color scheme used in the decorations for the party given by Mrs. Jesse Miller, Miss Douglas and Mrs. C. D. Bellows at the home of Mrs. Bellows, on South Fillmore street, yesterday afternoon. Huge bouquets of yellow and white chrysanthemums were placed in the parlor and reception room, and the tables on which refreshments were served were centered with crystal baskets filled with yellow and white "pompoms."
